

Simplicity is the Ultimate Sophistication - Guest Chef Karel Van Oyen

With the ethos that both life and food should be as simple as possible, **Chef Karel Van Oyen** and **Sommelier Pieter Fraeyman** established **Vinto** in January 2016. Both of them come from an impressive track record of solid training of ten years in some of the top Belgian, French and British restaurants.

For this gastronomic duo, a good meal could not be more straightforward: not too many fringes, honest and pure flavors, served in a casual and welcoming atmosphere.

At **Vinto**, guests are welcomed in a cosy dining room and garden in Kruishoutem, an idyllic countryside village nestled in the

Flemish Ardennes area. With a surprising, yet straightforward menu and wine list. For the pair, they persistently choose simplicity over fuss; honesty over trickery, and above all, passion over anything else.
